Electrician Registration Form & Profile Specification

Registration Flow Step by Step

Step 1 Identity & Contact

Field	Input Type	Required?	Notes / Options
Full name & Display name	Text input	Yes	As shown on NIC. Displayed on public profile.
Phone number	Text input	Yes	Primary contact number. Used for account login.
WhatsApp number	Text input	Yes	Can be same as phone. This is the button customers tap to contact.
Profile photo	Image upload	Yes	Clear face photo. Displayed on profile card and search results.
Home district	Dropdown select	Yes	Select from all Sri Lanka districts.
NIC number	Text input	Optional	Worker can skip this and add later from dashboard.
NIC front photo	Image upload	Optional	Sent to admin queue for manual verification. Not shown publicly.
Second contact number	Text input	Optional	Backup number. Not shown publicly unless worker enables it.

Step 2 Services Offered

Default services shown as checkboxes:

Service Option	Service Option
New house wiring	Fan installation & repair
Rewiring (full or partial)	Light fitting & installation
Switchboard repair & replacement	Power socket installation
Meter box & fuse repair	Electrical inspection & testing
Earthing & surge protection	Outdoor & garden lighting
DB board installation	Street light repair

Note: Worker sees all of the above as checkboxes. They tick what they do. At the bottom there is a button: '+ Add another service you offer this opens a text input where they type a custom service name.

Step 2B Special Capabilities

Below the main service checkboxes, show a separate section called 'Special Capabilities'. These are toggle switches (yes/no). There is also an Add button to add new capabilities the worker has.

Field	Input Type	Required?	Notes / Options
Solar panel wiring	Toggle switch	Optional	Can wire solar panel systems and inverter connections.
CCTV camera wiring	Toggle switch	Optional	Can run cable for CCTV camera systems.

Generator wiring & ATS	Toggle switch	Optional	Can connect generators and automatic transfer switches.
Three phase wiring	Toggle switch	Optional	Industrial three phase electrical capability.
+ Add new capability	Text input + Add button	Optional	Worker types a custom capability. Appears as a new toggle in the list.

Step 3 Location & Coverage

Field	Input Type	Required?	Notes / Options
Service mode	Radio buttons	Yes	I go to the customer / Customer comes to me / Both
Districts covered	Multi select checkboxes	Yes	All Sri Lanka districts. Worker ticks which districts they work in.
Towns & cities covered	Tag input	Yes	Worker types a town name, hits enter, it becomes a tag. They can remove tags. Example tags: Nugegoda, Maharagama, Colombo 5, Battaramulla.
Workshop / base address	Text input	Optional	Only shown if service mode is 'Customer comes to me' or 'Both'.
Maximum travel distance	Dropdown select	Optional	Within 5km / Within 10km / Within 20km / Within 30km / Island wide

Step 4 Availability & Hours

Field	Input Type	Required?	Notes / Options
Working days	Multi-select checkboxes	Yes	Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday tick which days they work.
Working hours	Time picker	Yes	Start time and end time. Example: 7:00 AM to 6:00 PM.
Emergency callout available	Toggle switch	Yes	If switched ON, show two radio buttons below: Same price as normal / Higher price for emergency. Worker selects which applies to them.
Advance booking required	Dropdown select	Optional	No advance needed / 1 day notice / 2 days notice / 1 week notice

Emergency Callout Logic

When the worker toggles Emergency Callout ON, two options appear below it: (1) Same price as normal working hours. (2) Higher price for emergency / after-hours calls. Worker selects one. This is displayed on their public profile so customers know what to expect before they call.

Step 5 Experience & Qualifications (Optional)

Field	Input Type	Required?	Notes / Options
Years of experience	Dropdown select	Optional	Less than 1 year / 1–3 years / 3–5 years / 5–10 years / 10+ years
Qualification / certificate name	Text input	Optional	Name of qualification. Example: NVQ Level 4 Electrical, City & Guilds, DTET Certificate.
Certificate photo	Image upload	Optional	Photo of the certificate. Shown on public profile.
Previous employers or trainers	Text input	Optional	Companies or contractors they trained or worked under.
Notable projects completed	Text input	Optional	Most impressive job done. Example: Full rewiring of 3-floor commercial building, Colombo 3.
Languages spoken	Multi-select checkboxes	Optional	Sinhala / Tamil / English

Step 6 Work Photos (Optional)

Field	Input Type	Required?	Notes / Options
Work photos	Multi-image upload	Optional	Minimum 3 recommended, maximum 20. Photos of completed electrical work — switchboards, wiring, installations, fittings.
Photo caption	Text input per photo	Optional	Short description for each photo. Example: Full rewiring, 4-bedroom house, Nugegoda.

Step 7 Pricing (Optional)

All pricing fields are optional. Workers who list their rates attract more serious customers.

Field	Input Type	Required?	Notes / Options
Daily rate (LKR)	Number input	Optional	Standard daily charge. Example: 3500
Hourly rate (LKR)	Number input	Optional	For small or short jobs.
Minimum callout fee (LKR)	Number input	Optional	Minimum charge for travelling to a site regardless of job size.
Materials included in price	Toggle switch	Optional	ON = price includes materials. OFF = labor only, customer pays for materials separately.
Pricing notes	Text area	Optional	Free text for any pricing conditions. Example: Emergency callout after 8pm charged at 1.5x rate.

Step 8 About Me (Optional)

A short personal description in the worker's own words. This humanizes the profile and builds trust.

Field	Input Type	Required?	Notes / Options
About me	Text area	Optional	Maximum 200 characters. Worker writes in Sinhala or English. Displayed at the top of their public profile. Example: I have 12 years experience in house wiring and switchboard work across Colombo. I do quality work at honest prices.
